Sponsorship Opportunities

Thanks you to our sponsors and partners:

Your support to the GeoVet 2019 conference will directly contribute to sustain the research and education efforts in animal health, public health and food-safety by supporting the sharing of ideas and methods among researchers and training the next generation of spatial scientists to better approach complex issues such as the emergence of infectious diseases, climate change or wildlife conservation. With your help this conference will be a unique platform to accelerate the translation of scientific discoveries into practical applications and changes in policies.

Benefits of Sponsorship

- Showcase your organization to veterinarians, public health professionals, spatial scientists, students, and industry professionals
- Increase brand awareness and recognition
- Enhance your organization's visibility in the spatial epidemiology community
- Expand outreach opportunities
- Establish connections and form collaborations with other companies as well as educational and scientific institutions
